## LOCALS ARE SHUT

In Both Games of the Double Header.

Sensational Work of the Manfield mot. Time-1:17. Umpire-Hart, Outfield Kills all Chances of the Locals.

(By Philip Wolfe.)

Mansfield, O., Sept. 3.-The Mansfield Tigers won both games of the double header from the Marion Lime Burners at League park Satorday afternoon. The games were two of the fastest contests, that have been witnessed on the local grounds this senson, and were featured by the sensational fielding of the Mansfield trio of outfielders. who turned somersaults while eatch" ing long drives, robbing the Lime Burners of singles and doubles right up against the fence.

Billy Yacuall pitched both games and held the Lime Burners without a score in the sixteen innings. But eleven hits were secured off him in the two games while he struck out seven of the batters who fac- Schmidt ed him and passed but four. But one runner reached third base in each contest and the bases were kept eleared by sensationel fielding. He got into but one bad hole in the second game, when he issued two passes in succession in the second inning but he pitched himself out of the gutter.

#### FIRST GAME.

Jeems Lucas, was the opposing slab artist in the first game. He made a slight ascension in the second inning, when six singles, three of which were scratches were secured off his delivery. They netted three runs for the Tigers and einched the game. One more run was escored in the ighth when Rey nolds' scored on Lattimer's single after he had planked out a double to left. Jeems held the Tigers saf at other stages of the game, whil the Lime Burners could do little with Yarnall. The game in figures: AB H PO A E 1. But Speas drove in two more with a well placed single, and then Delos Drake einched the game by sashing one over the left field fnee for a home run, his ninth. four-sacker of the season.

Amateur photographers who wish to turn their art to a commercial account by selling snapshots to their human victims have discovered a new field of endeavor. They haunt riding academies and the equestrian paths in the parks and photograph the riders. Men on horseback have a weakness for being photographed. Many a rider who could not be persuaded to pose for a photograph in conventional attitude or garb is quite willing to be taken astride a fine horse and any photographer who can snap him successfully is sure of a market for his pictures.
